LOCAL SOLDIERS ARE NOW ON THE WAY

Troops Get The Order To Move Early This Morning, and Leave For Milwaukee At 11:40 O'clock--Glad To Have The Chance To Burn Powder--Enthusiastic Demonstration Is Made by Citizens.

JANESVILLE soldiers left for the front at 12:20 o'clock this afternoon on a special train via the Chicago, Milwaukee & St. Paul railway. Sixty-seven men, beside the officers, and Captain J. B. Whiting, the regimental assistant surgeon, made up the Bower City delegation that left for the front.

Janesville business men and citizens gave the company an enthusiastic good bye demonstration, and at the depot the Darlington and Monroe companies, which came on the special that carried the Janesville boys away, gave them a hearty greeting.

At 5:30 o'clock this morning the fire bell clanged out the news that the soldiers had been called for. Twelve times it rang, and then the mocking bird whistle at the water-works pumping station screamed. Twelve times, also, it shrieked and its weird notes had no sooner died away than the brazen tongue of the deep toned old bell on the East side fire station spoke out. The old bell's voice was out of tune, and it was a long time since its familiar note had been heard. Then the whistle at the Thoroughgood factory spoke, and its baritone notes had hardly begun to throbb when the deep bass of the C. & N. W. round house whistle was heard.

People had been expecting the signal for several days, and even at the early hour in the morning a large crowd turned out. At the Armory they found a man on guard at the stairway, who refused to allow any one but members of the company to go up stairs.

Bugle calls split the still morning air, and the people waited patiently for the troops to appear. But they did not come. Members of the company came down in their uniforms with their citizens' clothes on their arms. They were on their way to their homes to get ready to move, and it was announced that the company would not go until 11:40 o'clock this morning. Then the people scattered and went home.

In the Armory all was bustle. First

Sergeant Zander detailed men for guard duty, and the work of preparation was rushed. The order under which equipment, etc. was gotten together was as follows:

"When ordered out in heavy marching order, for active service, officers and men will wear undress uniform, including flannel shirts, company hats and leggings, and good serviceable walking shoes. Men will carry knapsacks, with blankets and overcoat, one change of underwear, 2 pair of socks, 2 towels, soap, brush and comb. Haversacks and canteens will be worn. In the haversack shall be carried the mess kit, consisting of meat can, knife, fork and spoon, with tin cup attached to the outside.

"At least one day's rations, consisting of not less than 14 ounces of cooked meat and 14 ounces of bread must be carried in the haversack.

If more or less than the above is required, the order will specify the changes. To each man will be issued not less than 10 nor more than 20 service cartridges, reduced ammunition of 30 grains of powder and the round ball is on hand, 10 rounds per man will also be issued of that.

"On being called into service each company commander will supply himself with six pounds of ground coffee per 60 men and ten pounds of sugar.

"Each company supplied with one will take a hospital stretcher with it. The Quartermaster general will supply all tentage and field ovens, if needed

and will furnish medical officers with medical pannier.
By command of the Governor
C. B. BOARDMAN,
Adj. General.
Train Comes In
The train on which the company left for Milwaukee about noon. Col.

How long many of the local men will remain in the service, is not certain. At Milwaukee, and before they are mustered in, all members of the company must undergo another physical examination, to be conducted by a regular army surgeon, and two civilian surgeons. This examination will be rigorous, and some of the men who passed the hurried examination made here are likely to be disqualified.

The soldiers were all anxious to go, and the receipt of the long looked for order was a great relief to them.

Madison, April 27--Captain O. L. Hanson: Assemble all men enrolled at Armory ready to take train at 11:40 a. m., Thursday. Bring all extra property, one day's rations. By command of the governor.

The soldiers got a royal "send off" Business houses as a rule, closed from 11 o'clock until noon, in honor of their departure for the front. Stores were nearly all gaily decorated. Friends of the company had secured both the Imperial and Y. M. C. A. bands and many citizens also marched. The Janesville Machine company closed down to allow the men to take part in the demonstration while the schools were dismissed in order that the children might see the "soldiers go."

Cheers rent the air and the people were running over with patriotism. Capt. J. B. Whiting, Jr., assistant surgeon of the regiment went with the company although he is a regimental officer and not attached to the company.

The special train was under charge of Engineer Schlotter and Conductor Fraundteller. Its destinies from Janesville to Milwaukee will be entrusted to Conductor Gregory and Engineer Kelly.

The Knight Templar, of Janesville commandery, in full uniform, escorted the Light Infantry boys to the depot, and the Christ Church cadets, also in full panoply of war, were in the procession.

GEN. J. B. DOE WANTS TO LEAD WOULD HEAD WISCONSIN TROOPS.

Criticizes the War Department For "Stupidity" In Sending Out Orders Saying Some Ignorant Clerk Was Probably Responsible Therefore--Interview With Former Resident.

General J. B. Doe has aroused comment of a vigorous nature by his comment on the conduct of the war. The Milwaukee Sentinel says:

"Ex-Assistant Secretary of War Joseph B. Doe this morning denounced the action of the war department in excluding Battery A of the Wisconsin National guard from the call for troops. Gen. Doe also declared his unwillingness to go to Washington to work in the war department, as has been suggested in some quarters, but said he was willing to lead the Wisconsin troops to the front.

To a representative of the Journal this morning General Doe, who was adjutant general of the Wisconsin National Guard a few years ago, made the following statement:

"It was the greatest piece of stupidity upon the part of the war office to issue a call such as emanated from it yesterday. The idea of issuing a call omitting the battery of this state, while calling out the batteries of other states, is something which I cannot account for in any other way than that some clerk who knew little or nothing about the condition of affairs made out the call. Our battery is of the very best in the United States, a fact which is made apparent by the record in the war office. Look at the case of Maryland, too. They called out four batteries from that state and none from New York! They called out cavalry in the Dakotas where no cavalry exists. It's a very bad job all around.

"Regarding my service in the war I desire to say that I would accept a position in command of the Wisconsin

brigade. I would not like to go to Washington to serve in the war department. Gen. King is a good man for the command of the Wisconsin troops but it may be that the retired service would prevent his taking that

position. I haven't looked up the law but I will do so.

"As to the matter of forming supplementary troops to follow the guard forces which go first, nothing definite can be said. This depends upon what is done at first."

WILL SHORTLY BE WEDDED.

Engagement of Miss Annie McNeil and Herman Schlitz Announced.

A wedding engagement of special interest to local friends is that of Miss Anna McNeil and Herman Schlitz, both of Milwaukee. The bride-to-be was a former local school teacher, residing at the corner of South Third and Division streets. At present she holds the position of chief librarian of the Normal school at Milwaukee. The groom-to-be is a popular and successful druggist of the Cream City.

My books and accounts have been turned over to Clerk of the Municipal Court, E. V. Whiton, for collection. set le promptly so that I can meet my bills. Joe Whiting.

ALL STATE TROOPS ARE NOW IN CAMP

THREE REGIMENTS ARE MOBILIZED TODAY

National Guard of Wisconsin Gathered In One Brigade at Camp Harvey On the State Fair Grounds at Milwaukee--The Work of Concentration Quickly Done.

Madison, April 28--[Special]--Ever since 10 o'clock this morning the city has echoed to martial music. By 3:30 the entire force of the state will be here. The Ashland company was first to arrive, getting in at 10:30. Then came Beaver Dam, Fond du Lac and Oshkosh and the others in quick succession.

Governor Scofield leaves Madison at 6 o'clock this evening and will visit the boys in Camp Harvey. General Boardman arrived from Madison at 9:30. Contracts were made this afternoon for 5,000 loaves of bread to furnish breakfast for the militia tomorrow.

Milwaukee, Wis., April 28--[Special]--Company A of Racine was the first of the National Guard to arrive here, coming in on the 10:50 train. The members were enthusiastic. Companies from all parts of the state have been coming all day, but the majority will not arrive until afternoon. Arrangements are complete at the state fair grounds to receive them.

The soldiers will have their first meal in camp tomorrow morning.

TO CELEBRATE ARBOR DAY

Pupils at the School for the Blind Will Observe the Day.

The State School for the Blind will observe Arbor day by appropriate exercises in the gymnasium at 2 o'clock tomorrow afternoon. Tree planting and flag raising, the latter conducted by W. H. Sergeant Post No. 20, G. A. B., will follow on the lawn at 3 o'clock. The public are invited.

MISS ANDREWS GETS THE PLACE

HAS BEEN APPOINTED POST-MISTRESS AT EVANSVILLE

Contest Has Been in Progress For Nearly a Year--She Has Been Deputy in the Office For Some Time Past--The People Are Pleased.

Washington, April 23--The president today sent to the senate the nomination of Miss Eleanor Andrews as postmistress at Evansville, Wis. This postoffice contest has been in some respects unique, for President McKinley himself specially requested that Miss Andrews be appointed. Her brother, who was the author of a campaign biography of the president had asked for the appointment. Miss Andrews had been deputy postmistress and was in every way qualified, but some of the Evansville republicans wanted the office and the result was that the contest gave Mr. Cooper, in whose district Evansville is, some trouble. Mr. Cooper early informed the various candidates that under the circumstances he felt that he ought not to oppose the president's express wishes. Miss Andrews was born at Argyle, Wis., on May 16, 1856; removed with her parents to Evansville when she was 12 years of age; was with her brother Byron, in New York city about two years; three years in Dakota, where she took a homestead which she still owns; taught in the public school in Evansville one year and also in a private school there one year. She entered the postoffice at Evansville as clerk for Charles F. P. Pullen, who received the appointment of postmaster at Evansville in 1890, but soon resigned in favor of Perry C. Wilder, who was then appointed postmaster. But Miss Andrews continued to serve as clerk in the office until the present postmaster, James H. Hoskins, had run the office six months. Miss Andrews then accepted a position as clerk for the

Evansville Mercantile association, where she served three years. She was endorsed for the appointment by many of the patrons of the office, who

MISS ELEANOR ANDREWS

recognized her efficient services in the office, and it is believed her appointment will give general satisfaction.

BIG SHIPMENT OF TOBACCO

Fine Grade of Leaf Goes From Janesville to Rotterdam.

One hundred and forty-four bales of as fine a grade of leaf tobacco as has left Janesville in many a day, were put aboard the cars here yesterday billed to Rotterdam, Holland. At the S. B. Heddles stemming works this lot of leaf was put through the sweating process, which brought it out in regular Havana style. Each bale was carefully packed in heavy papers and covered with canvass, the same as all Havana and Sumatra goods, which are packed for export purposes. At Rotterdam these goods will be stemmed and sent to a London firm, who are the purchasers. Mr. Heddles has a standing order with this same firm for the "working out" of some 1,200 cases of leaf.

Stoves stored in a nice dry warehouse at Lowell's.

ALL QUICK TO GIVE MONEY FOR THE BOYS

SUBSCRIPTION PAPERS ARE FREELY SIGNED

Cash Provided So That the Men of Co A May Not Lack For Comforts When They Are In Camp--F. S. Winslow Raises \$215 In Twenty Five Minutes.

Subscription papers made quick trips up and down the street this morning.

F. S. Winslow raised \$117 in twenty-five minutes and the money was turned over to Captain Hanson to use in providing comforts for the Janesville boys in camp.

Another subscription paper was circulated by J. P. Baker and O. C. MacLean.

These gentlemen raised about \$100 more, and just before the procession left the Armory, Mr. G. Jeffris presented the money--\$215--to Captain Hanson.

TEACHERS GOING EAST.

Many Will Attend National Educational Convention At Washington.

Several teachers from the city schools are making plans to attend the meeting of the National Educational association to be held in Washington, D. C., in July.

Aside from several grade teachers who will attend from here Professor D. D. Mayne and wife and Professor H. O. Buell will be in attendance. A delegation from Wisconsin consisting of several hundred teachers will make the trip, leaving Chicago in a body on July 6.

The railroads have provided one fare for the round trip, with sleeping berth extra. Many from here will make the trip just for pleasure, the cheap fare being a strong inducement for those who have never been east.

The Art League will meet with Mrs. A. E. Tanberg, 206 South Main street, Friday afternoon at 3 o'clock.

MATANZAS IS FALLEN

Spanish Batteries Silenced By Sampson's Fleet

A BRILLIANT BATTLE RESULTS FAVORABLY TO OUR ARMS

Key West, April 28—The Spanish batteries at Matanzas were bombarded and completely silenced by Admiral Sampson's fleet yesterday afternoon.

Key West, Fla., April 28—Admiral Sampson yesterday afternoon bombarded, silenced and pretty well destroyed the Spanish batteries in position and in course of construction at the entrance of the harbor of Matanzas.

When Rear Admiral Sampson, on the flagship New York, left the cruising ground to pay a visit to Matanzas and Cardenas, he made up his mind that something had to be done with the aggressive Spanish artillerymen who were manning the batteries out that way.

They had fired twice on the torpedo boat Foote, and were very busy erecting fortifications and placing guns in position. At Matanzas the New York found the monitor Puritan and the cruiser Cincinnati, that have been blockading the port.

Makes A Reconnaissance. Admiral Sampson decided to make a reconnaissance in force for the threefold purpose of locating the batteries, discovering the kind of guns they mounted, and, if possible, stopping the work of fortifying.

The New York led the way into the bay. The Puritan was a few hundred yards astern on the port side, and the Cincinnati remained behind a slightly greater distance astern on the starboard side. Lines drawn from ship to ship would have made an almost perfect triangle.

The crews were all at quarters ready for the fun to begin. Nor could any living object be discerned on shore. The bay and shore of Matanzas were like the land and waters of No Man's Land.

Firing Begins. At a few minutes before 1 o'clock there was a puff of smoke from the east shore, and an 8-inch shell whizzed toward the New York and fell short. Scarcely had the report died away when another puff of smoke floated upon the Point Maya side and easily blew away. This shell also fell short.

The range of the east battery was nearly 70,000 yards, but the flagship promptly opened fire with one of her 8-inch guns.

The engagement in a few minutes became general, and shore and bay were covered with the wind-blown smoke, while the hollow between the hills roared with the cannonading.

Continuing to cut loose with her guns starboard and port, as well as fore and aft, the New York steamed in quickly and circled around to the westward toward Point Rubal Caya, while the Puritan swung to starboard to engage the Maya batteries.

The Maya battery was the more formidable, and the fire from it was more frequent, but the shells fell short. The New York ignored this battery after a minute and proceeded to pay all her attention to the battery on Rubal Caya, which was being pushed to completion.

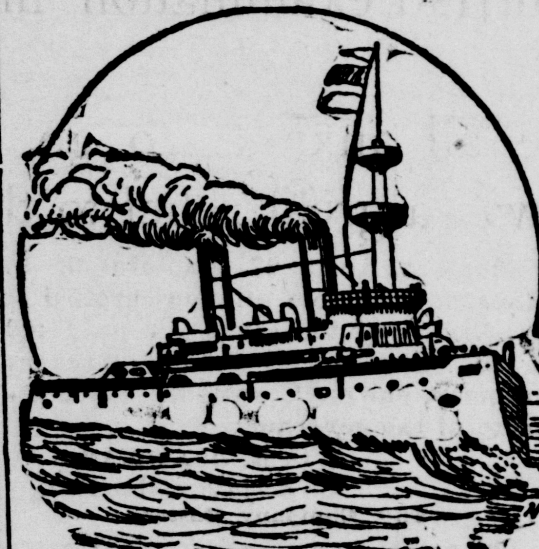

Founded to Pieces. It was a beautiful sight to see the target practice of the New York. A big balloon of smoke would suddenly rise from her side. The eye following the direction of the shot would see an instant later a great cloud of dust and fragments of concrete and mortar fly high in the air. Then would come the roar of another piece, sullen and heavy.

The New York had soon reduced the range from 7,000 to 3,000 yards and soon was tossing shells into the Rubal Caya at the rate of

about three a minute with wonderful precision and apparently great destructiveness.

The Puritan Does Good Work.

In the meantime the Puritan was taking care of Point Maya. It was a long shot to that battery. It was so well masked that the only target was the infrequent smoke from the battery. But when the Puritan got her range, her shells burst every time within the fortification and great was the explosion thereof. High up in the air would go a cloud of dust—

U. S. Cruiser Puritan.

atoms of the Spanish fort—looking for all the world like the explosion of a magazine of brown prismatic powder. The Puritan was doing fully as much harm on the east side of the bay as the New York was doing on the west side.

Cincinnati Enters the Fray.

All this time the Cincinnati had remained out of action. One can readily imagine the distress and impatience of Captain Chester and his enthusiastic crew at not being allowed to take a hand in this, the first battle of the war. Captain Chester himself signalled for permission to engage, and it was granted by the flagship.

The Cincinnati, in less time than it takes to wire it, steamed up to within 2,000 yards broadside on, and began to let fly with her guns. The batteries and the New York were just giving the signal to retire when one defiant shot was fired from Rubal Caya.

The Battery Silenced. It was the last shot that battery was ever to fire. One of the big guns on the Puritan followed back. It was the best shot of the day. It struck the battery just where the gun was, tore its way into the earthworks and exploded, doing great destruction.

Captain E. J. McHugh, an artillery officer of the British army, who was a spectator, said it was one of the best shots he had ever seen made.

Having practically demolished the Spanish batteries the ships stood out to sea. Not a shell struck one of them, but there had been three narrow misses of the New York. The Spanish fired shrapnel once which had burst above the ship, a shell had struck just fore of her, and another struck just aft. The fact that the Spaniards failed to strike such a large target as the New York, towering like she does like a house out of the water, was taken as evidence that they are not good marksmen. On the other hand, every shot that the New York fired after she got the range was pitched right into the batteries.

Engagement Was Brief.

In point of time, the engagement lasted just eighteen minutes. It began at fifty seven minutes past 12 and ended at a quarter past 1.

Not a single casualty was reported. The Puritan and Cincinnati were left on guard at Matanzas and the New York returned to her old position.

All told, the United States fired 86 shots at the forts. This is by actual count. The forts fired probably twenty-five shots.

An Important Capture.

But far more important than the destruction of the Matanzas batteries is the conclusion about the future which may be drawn from the bombardment. This conclusion is that Havana is absolutely at the mercy of the United States whenever we choose to open fire.

Admiral Sampson, with guns which amount to less than one-tenth of his fighting force, silenced practically three batteries in eighteen minutes. He steamed right in on them, as close as he could get, and not one of our ships was touched.

Clinton, Wis., April, 28.—Daniel Shemal after sojourn in quiet Chicago our neighboring city, returned to this stirring village purchased the Farmer place on Milwaukee street, and has well under way very substantial improvements; having built a barn on the ground never before graced by such an appendage, and made marked improvements in general surroundings, with large additions to the house, which his until recently been owned by a non resident and served as a place to stay instead of as present indications suggest, a nice home. O. P. Drake, the senior of the firm of O. P. Drake & Co., is evidently making improvements this time of a practical benefit, and not to display wealth, as only signs of his adding the modern apparatus for warming his nice home are visible. Mr. and Mrs. Geo. Wilcox have commenced to exhibit substantial evidence that the old debris lately removed from Main street is to be supplanted by a substantial structure between what is known as the Walman building and A. Woodard's imposing building. The less ambitious have had indicated to their minds that our once proprietor of Union drapery, now courteous and smiling postmaster, is to cease the waste places made by fire two years since on Main street, bloom into substantial improvements, and it will add to the appearance very much. No doubt the guests who will be the assistant of our postmaster, will be wrong.

COMMON DISEASES

Piles, Fistula and Inflammatory Conditions of the Rectum

The troubles so annoying and dangerous to health are among the commonest with which humanity is afflicted.

We are, therefore, pleased to announce that modern research in medical science has at last produced a certain cure for them and as usual with all great and meritorious inventions, is simple and the only wonder is that such a remedy was not discovered and used years before.

The remedy we refer to is known as the Pyramid Pile Cure. It is not an ointment nor a salve, liquid nor internal remedy, but is applied directly to the seat of the disease and produces a cure in a surprisingly short space of time.

For itching piles a few applications produces a complete cure, while for bleeding, protruding and all other forms of rectal diseases its use will result in a permanent cure even in cases where an operation has failed.

The Pyramid Pile Cure is painless to use, and relieves all pain at once. All druggists keep it or will get it for you. It is prepared by the Pyramid Drug Co., of Marshall, Mich., who will send you full particulars of the cause and cure of piles, also testimonials from every section of the country or if your druggist has the remedy on hand you will find the treatise on piles and testimonials in each package of the remedy.

A trial will convince you that the Pyramid Pile Cure is a specific for every form of rectal disease, and is guaranteed to contain no mineral poisons nor injurious ingredients so often resorted to in treating piles. Sold by druggists at 50 cents.

"I feel it my duty to give you a truthful statement of what Chamberlain's Colic, Cholera and Diarrhoea Remedy did," writes J. S. Collins, of Moore, S. O. "I had a child about two years old, that had the diarrhoea for two months. I tried all the best known remedies, but none gave the least relief. When this remedy came to hand, I gave it as directed, and in two days the child was completely cured." Sold by People's Drug Co., corner Main and E. Milwaukee Sts.

ALL HAD A PLEASANT TIME

Enjoyable Entertainment Given at Johnstown Center Monday

At the home of Mrs. O. B. Austin in Johnstown a very pleasant time was had last Monday evening in honor of her nephew, Carl F. Lewis, of Knoxville, Tenn. Refreshments were served and a good time was had by all. Mable Taylor rendered a recitation entitled "Bell of Otray" in a manner that so pleased her hearers that she responded to an encore in a pleasing manner. Mabel Charlton also spoke acceptably. "He was there and so was I" and responded to two encores. Mr. Lewis being a very fine musician favored us with a solo entitled "The Holy City" in a manner which pleased his hearers very much. Mrs. Agnes Hoberling gave a piano solo, and responded to an encore. Those present were: Misses Belle Clark, Kittie Douglas, Grace Youngclaus, Agnes Koberling, Ida McArthur, Pearl Briggs, Lillie Morton, Minnie Austin, Nettie Hoynton, Christina Barless, Mabel Taylor, Mabel Charlton, Mertie Morton, Gertrude Roeswell, Messrs. Will Haight, Will Hadden, John Clark, Carl Lewis, Bert Austin, Geo. Crumb, Bert Clark, Andrew Barless, Roy Boynton, John Youngclaus, Ray Boynton and Geo. McWhinney.

The Best Liniment—"Chamberlain's Pain Balm" is the finest on earth," writes Edwards & Parker, of Plains, Va. This is the verdict of all who use it. For rheumatism, lame back, sprains, swellings and the numerous slight ailments and accidents common to every household, this liniment has no equal. With it in the house, a great deal of pain and suffering may be avoided. For sale by People's Drug Company, corner Main and Milwaukee streets.

BURNED AT AN EARLY HOUR.

Barn Destroyed by Fire Shortly Before Daylight this Morning.

The fire department was called at 3:30 this morning by an alarm from box 15, at the corner of North Academy and Wall Streets, where a barn belonging to B. S. Burdick, was found to be on fire. The structure was occupied by Michael McCarville, who resides at Holmes and Academy streets, and was totally destroyed in a short space of time. The contents consisted of a double-seated surrey, a cutter, and a quantity of hay and feed. The total loss will amount to but a few hundred dollars without insurance. The fire is supposed to have caught from an imperfectly insulated electric wire.

The two-year-old son of W. L. Ferguson, of Bolton, Miss., had whooping cough. "After several physicians had prescribed for him without giving relief," writes Mr. Ferguson, "I persuaded my wife to try a 25 cent bottle of Chamberlain's Cough Remedy. The first dose had the desired effect, and in forty eight hours he was entirely free from all cough. I consider your remedy the best in the market, especially for children and recommend it at all times." The 25 and 50 cent sizes for sale by People's Drug Co., corner Main and Milwaukee street.

APRIL THE MONTH OF MARS.

All the stirring events in American history began in that month.

Many of the most stirring events in American history have occurred in April, including the first conflicts of the war of the revolution and the beginning of the war of secession. The formal order to Spain to relinquish the Island of Cuba was made on April 19, a date already notable in our military annals.

It was on April 19, 1775, at Lexington and at Concord, that the first armed resistance was made by the minute men to the British troops. The excitement of April 19, 1861, is still remembered by many persons. The Sixth Massachusetts Regiment was attacked by a mob in Baltimore, and that city was turned over to the secessionists.

North Carolina was the first colony to declare for independence, in April, 1776, and Rhode Island almost immediately followed with a similar declaration. Six years later, in April, 1782, the recognition of our independence was made by the Dutch Republic.

April 18, 1775—Paul Revere's famous midnight ride.

April 19, 1775—Beginning of the revolution by battle of Lexington.

April 11, 1783—Congress proclaims cessation of hostilities.

April 15, 1783—Congress ratifies preliminary treaty of peace with Great Britain.

April 4, 1812—Congress establishes the embargo that begins the war of 1812.

April 21, 1836—Santa Ana suffers his great defeat at San Jacinto.

April 25, 1846—Hostilities open between the United States and Mexico.

April 12, 1861—War of the rebellion begun by General Beauregard firing on Fort Sumter.

April 19, 1861—First bloodshed of the war, in conflict between United States troops and mob at Baltimore.

April 9, 1865—Lee surrenders to Grant at Appomattox.

April 19, 1898—Congress of the United States declares "that the people of the Island of Cuba are, and of right ought to be, free and independent."

REVIVAL MEETINGS KEEP UP

Large Attendance at Court Street Church Nightly.

There was good interest manifested at the service at Court Street church last night. The second week of services is a success. Rev. Walter A. Hall, the pastor, spoke briefly on the "Sovereignty of God." God's greatness His power, glory and His sure rulership over men and affairs was brought out. In Him is strength; His spiritual power is as great as His power manifested in physical things. Tonight a large gathering is confidently expected.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

WAR

Is being waged on high priced tailoring by the largest concern in the world. Strauss Bros. I can save you from \$5.00 to \$15.00 on every suit, and will. The fits are guaranteed and by their Borgeise system of trying on every garment it's simply impossible to get a misfit. When a measure goes in this automatic man is adjusted exactly to these measures. If he stoops this machine stoops; if he is erect, then the machine is, and if I measure you correctly the clothes will fit perfectly, and sixteen years in the business makes me believe that I can measure you just exactly right.

THE END OF SPAIN.

"It is the end of Spain," Signor Crispi, the famous Italian statesman and leader, made that emphatic declaration when asked for his opinion of the result of the Spanish-American war. Signor Crispi says the Spaniards have committed monstrous sins for which they must pay the penalty.

Signor Crispi spoke wisely, and he is not alone in his belief.

The Vienna correspondent of the London Standard telegraphs that, after the first serious encounter between the United States and Spain, the intervention of the powers will bring the war to a close. The intervention would consist of a recommendation that Spain should give up Cuba, after having saved her honor. It is in keeping with this idea that the foreign office organs express impatience at the slowness of developments, while admitting that Austria and Germany are united in politics.

Professor Fukushima, of the chair of international law in the Imperial College of Nobles, at Tokio, says that people of Japan are willing and anxious to help the United States in the event Spain receives assistance from any European nation.

The Japanese look upon the United States with gratitude because this country was the first to install in their minds the thoughts of freedom and advanced civilization.

They showed to the conflict with China what good fighters they are and whenever the United States need the aid of their forty-five first class battle-ships, their thirty-five torpedo boats and their entire floating battery it will come in a twinkling.

The Berlin correspondent of the New York World telegraphs his paper as follows: "Although the German newspapers continue to make hostile criticism of American action, signs are not lacking that the attitude of the press is not shared by the government. The immense German population in the United States and the evidence that the German-Americans have given of patriotic sentiments, have told here with considerable force.

England's position is well known, her last significant action being the objection by the House of Commons to Senator Polo using Toronto as his headquarters in hatching plots for the Spanish cause.

Straws show which way the wind blows, and at present all point to one proposition: "It is the end of Spain!"

ON A PERILOUS MISSION

To Lieutenant Rowan, of the United States army, the first perilous mission has fallen. Lieut. Rowan is now in Cuba to consult General Garcia with reference to the junction of the insurgent and United States forces. If Lieut. Rowan is captured by the Spanish it is likely that he will be treated as a spy and hanged. Lieut. Rowan was detailed from the Bureau of Information for this dangerous service. He speaks Spanish and knows Cuba, having written a book on the subject. Moreover, he is an expert map maker.

With him he took an official Spanish section map of Eastern Cuba with emendations made by the war department hydrographers. The expectation is that Gen. Calixto Garcia will dispose his forces to cover a landing of United States troops as prearranged. A courier with Lieut. Rowan's first dispatches to the war department will probably leave Gen. Garcia's camp next week.

The United States blue jackets are good gunners. The flying squadron maskmen practiced the other day and hit ten-inch targets at one thousand yards on a rolling sea.

The Spaniards at Manila are panic stricken. The insurgents will attack the city as soon as Commodore Dewey's fleet puts in an appearance.

Milwaukee Bohemians have "gone back on" Mayor Roe, saying that they got no offices in return for their work and votes.

The Army reorganization bill, increasing the regular army to more than 60,000, is now a law.

The people of Porto Rico will rebel against Spanish rule if the United States will arm them.

OLD COUPLE MURDERED

Mr. and Mrs. Andrew Nelson Pounded to Death Near Milwaukee.

Milwaukee, Wis., April 28.—[Special]—Mr. and Mrs. Andrew Nelson, living near here, were found murdered in their house last night and the house destroyed by fire. A sister of Mrs. Nelson's says she heard persons pounding the old couple, but further than that cannot give details.

FARM SALE IS SET ASIDE

Gower Property Transfer Is Stopped By the Court.

In the circuit court today Judge Bennett set aside the sale of the late Daniel Gower farm that was recently bid off at the sheriff's sale to Brown Bros., this city, for \$18.95 an acre. A. E. Matheson, as guardian for minor heirs, objected to the sale. It is said that an offer of \$400 over what was received at sheriff's sale has been made for the farm, and in behalf of the interested heirs the court today refused to confirm the sale as made by Sheriff Acheson to Brown Bros. In the case of Wright vs. Bies the sale of such land as was involved was set aside by the circuit court today.

AN ADVANCE IN GRAIN PRICES

Buyers Are on the Lookout for Army Supplies.

Local grain buyers are on the alert these days for all incoming barley, oats and corn. As the result of the present war the farmers of Rock county are reaping a benefit by the advancing prices in grain of all kinds. "Very few loads of grain are being brought into Janesville," said a local buyer today, "and not a few of the farmers have stored their crops away, awaiting a stiff advance in the market."

SHIPS WAIT FOR DEWEY

Spaniards In Line Near the Philippines

MADRID CLAIMS VICTORY IN MATANZAS BATTLE

Madrid, April 28.—[Special]—Advices from Manila say the Spanish fleet in the Philippines, consisting of nine ships, sailed from Manila Monday to take up a position off Subig Bay to wait for and capture American warships and merchantmen. Dewey's fleet will pass Subig Bay on its way to Manila.

Say Americans Retreated.

London, April 28.—[Special]—A dispatch from Madrid telling of the bombardment of Matanzas asserts that the Americans were obliged to retreat after half an hour's fighting.

Washington, April 28.—[Special]—A full report of the bombardment of Matanzas has been received at the navy department. The report is made out by Admiral Sampson. He notified the department several days ago that masked batteries were being erected at Matanzas, and asked permission to destroy them at once. The president refused permission at first, but the strategy board made such strenuous recommendations that he finally yielded. It is now believed that five thousand men will be sent to Matanzas in a few days to hold the place as a base from which to assist Gomez and other insurgent forces.

London, April 28.—4 p. m.—Special—Dispatches from Madrid anent the bombardment of Matanzas now contain the admission that several men were killed and some damage done to the town.

Portugal Helping Spain.

London, April 28.—Special—There is a report in Lisbon that President McKinley has notified Portugal that unless the Spanish fleet speedily leaves the Cape Verde Islands, the United States would regard Portugal as an ally of Spain and treat her accordingly. It is also reported that Portugal has stopped the dispatch of telegraphic information regarding the movements of warships in Portuguese harbors. This action has caused a sensation, as it proclaims that Portugal is doing everything possible to help Spain.

Spain's Menace to the Coast.

Washington, April 28.—[Special]—Reports that the Spanish fleet is on the way to bombard the eastern coast cities are generally believed at the navy department. The cruisers Columbia and Minneapolis, which are now patrolling the coast for the purpose of heading off the enemy's fleet, will receive reinforcements shortly, the flyers New York, St. Louis, and Harvard having been assigned to go to their assistance.

Will Bombard Entire Coast.

New York, April 28.—[Special]—A Washington dispatch says Admiral Sampson has received permission to bombard the entire Cuban coast. It is understood Havana is in the territory to be attacked, and that the work of destruction will be commenced at once.

Preparing to Leave.

London, April 28.—[Special]—The Spanish authorities are busy today paying all bills contracted by the fleet at the Cape Verde Islands, and the departure of the fleet is expected hourly.

Will Sail Today.

London, April 28.—[Special]—A dispatch from St. Vincent says cipher orders have been received from Madrid by the Spanish admiral. It is thought that the fleet will sail today.

Porto Rico Alarmed.

St. Thomas, West Indies, April 28.—[Special]—Great alarm exists in Porto Rico. Active preparations are being made to resist an attack of the American fleet.

Blowing a Gale.

Key West, April 28.—[Special]—A half gale is blowing in the Florida straits. The mosquito fleet and newspaper boats are having a rough time, but no accidents are reported.

Arter American Yachts.

Cadiz, April 28.—[Special]—Spain has sent a fleet to the Mediterranean to prey upon the many yachts owned by citizens of the United States which are there.

BIG CROWD CHEERS THE SOLDIER BOYS

STIRRING SCENE AT THE DEPOT TODAY.

Patriotic People Turn Out to Say Good Bye to the Janesville Company—Every Inch of Space Taken Up—Many Shed Tears When Loved Ones Leave.

While the band played "The Star Spangled Banner", and the multitude cheered, the Janesville soldiers went to the front today. On board the train were the Darlington, Monroe, Beloit and Janesville companies of the First regiment. An immense crowd of people escorted the soldiers to the depot, and every inch of available space was filled by the big crowd that gathered. The procession marched in the following order:

Fire Police,
Imperial Band,
Uniform Rank Knights Templar,
Christ Church Cadets,
Knights of Pythias,
Fire Department,
Janesville Light Infantry,
G. A. R. Drum Corps,
Y. M. C. A. Band,
Citizens.

The train that brought the Beloit Rifles to Janesville stood on the sidetrack when the procession reached the depot. The soldiers were not allowed to leave the cars, however, although they hung out of the windows and cheered.

And such a crowd! The band and the Knights Templar took their position on the rise of ground near the depot, and the Light Infantry tried to march to the train.

An Affecting Scene

People crowded about the company, and the soldiers could hardly move. Wives clung to their husbands as they said a last good bye, while sweethearts wrung the hands of their lovers. Many people were in tears. The band was playing the Star Spangled Banner, while men, already hoarse from cheering, were fairly splitting their throats.

It was a scene for a painter. Admiring friends seized Shepard L. Sheldon, and Carl A. Buchholz, and hoisted them upon their shoulders. Members of the Fire Police gathered to say good bye to their commander—Captain J. B. Whiting Jr., and many friends also pushed through the crowd to shake the surgeon's hand. There were tremors in many voices and tears in many eyes in that crowd—the like of which has not been seen since the stirring days of '61.

The train that brought the Darlington and Monroe companies to Janesville was late, and did not reach Janesville until after noon. Some time was taken up in switching, but finally the train was made up, and pulled out from the depot amid the cheers of the crowd. The vast assemblage then broke up, and there were many sad hearts in the crowd of people when they realized that "the boys" had really gone.

324 Men in All.

The companies on the train were as follows:

Company A, Janesville, Captain Charles L. Hanson, 68 men.
Company E, Beloit, Captain Tom J. Rogers, 86 men.
Company D, Darlington, Captain Flannigan, 90 men.
Company H, Monroe, Captain West, 80 men.
Total 324 men.

FIRST BLOOD IS SPILLED

Spanish Sailor Badly Hurt By Shot From American.

TERROR CAPTURES THE SPANISH BOAT, GUIDO.

Key West, April 28.—[Special]—The Terror has captured another prize. The vessel is said to be the Spanish boat Guido, loaded with supplies for Havana. The Guido refused to stop when hailed, whereupon the monitor fired three shots, each of which struck the Spaniard. The ship then hove to. One of the Guido's seamen was wounded.

The Guido was much damaged by the shots fired by the Terror. Her pilot house was carried away and other injuries inflicted to the hull and deck. The Guido also had some specie aboard.

Gen. Shafter to Command.

Washington, April 27.—[Special]—The belief prevails that Gen. Shafter will command the first batch of troops to go to Cuba.

HORSE FOR WHITING

Dr. Ladd, of Milwaukee, Presents Him With a Blooded Saddle Animal Today.

J. B. Whiting, Jr., captain and assistant surgeon of the First Regiment, Wisconsin National Guard, will not have to buy a horse as he was ordered to do by the adjutant general.

When he reaches Milwaukee, he will find in waiting for him, the handsome saddle animal that has been the envy of many a Cream City equestrian when ridden by his owner. Dr. Ladd, the noted surgeon at the head of the St. Mary's hospital. Captain Whiting and Dr. Ladd were personal friends, and the former had often expressed admiration for the fine saddle horse owned by the latter. Just as Captain Whiting was about to step aboard the cars this noon he received a message from Dr. Ladd tendering him well wishes, and notifying him that the horse was at his disposal immediately upon his arrival at the Cream City. Nor was the gift to be any the less appreciated because of the fact that money would not buy the animal, and that the officers are compelled to buy their own horses, the state only reimbursing them when the animal is killed or dies in the service.

SIGSBEE'S BROTHER IS HERE

Says He Thinks Only the Regulars Will Go to Cuba.

L. P. Sigbee, brother of Captain Sigbee, the gallant commander of the Maine, was in Janesville today. Mr. Sigbee travels for Ferris Bros., corset manufacturers, of New York, and came here to see J. M. Boswick & Sons, who have the Janesville agency for Ferris Bros.

Mr. Sigbee is well posted on the army and navy, but dodges reporters whenever possible. He says, however, that he thinks the United States regulars will be sent to Cuba before any of the volunteers are called upon.

NOTES OF GOING.

Two members of the Light Infantry are just out of their teens.

THREE women fainted at the depot and had to be carried away.

CAPTAIN Koebelin and the Christ Church Cadets did themselves proud.

EVERYBODY wondered at noon how about dinner for a train load of hungry soldier.

THE Oyster club were at the depot to cheer the soldier boys, of which three are members of their club.

THE Armory was closed and deserted today. Almost every piece of property and equipment has been shipped.

DR. J. E. Whiting was the center of attraction at the depot and no less than a thousand people grasped his hand.

CAPTAIN Hanson was obliged to turn down many men at the Armory yesterday who were anxious to go to the war. They may get a chance later.

ONE young woman kissed her husband good bye nine different times today, all on the train platform. She received cheers from at least 500 spectators.

THE street scenes today reminded old citizens of the stirring days of 1861-5. The enthusiasm then was as great, the parting as pathetic, as were those of this morning and the prayers that will go up for the safety of the brave boys in blue from many a home tonight will be no more sincere than those that followed the men of '61 to the southern battle fields.

MILWAUKEE ALL ASTIR

Troops Pouring In From Every Part of State.

BOARDMAN IN COMMAND--FAIR GROUNDS THE CAMP.

Milwaukee, April 28--The troops of the state are on their way to Milwaukee--those who are not already settling themselves in camp. The movement began early this morning. Milwaukee troops were ordered last night to be in readiness to move early. Four companies of the regiment of this city, A, B, C and F, have been added to the 1st regiment to form one twelve-company regiment, the same as the 2nd and 3rd regiments. The entire staff of the 4th regiment will remain behind, excepting the surgeons, Maj Bradley and Capt. McDill, who go with the new regiment. Quartermaster-General Zweitsch and his staff were at the fair grounds early, and all arrangements have been made to have the camp in readiness for the troops as fast as they arrive.

One regiment will be put in tents tonight, the others in the fair buildings. Milwaukee troops are not to be called out until the hour for mustering into the government service actually arrives.

An army surgeon and two civilian surgeons will pass on each member of the militia before they are mustered in.

Executive order No. 1 issued by Governor Scofield last night, names Adjutant-General Boardman, of Oshkosh, as commander of the Wisconsin troops.

J. B. Doe and Otto Falk, both ex adjutant generals, have offered to aid in preparing the troops, and their services may be accepted.

Uncle Sam Pays State Troops.

Madison, Wis., April 28--It was supposed that the state would bear the expense of the troops up to the time of their being mustered into the United States service, but a telegram to Gov. Scofield from Adj. Gen. Corbin of the war department says the government will pay the entire expense of subsistence, transportation, etc., of the volunteers after their enrollment.

Milwaukee Men Want To Go.

Madison, April 28--Governor Scofield has received a telegram from Senator Spooner saying he has not as yet been able to secure the acceptance by the war department of the Milwaukee battery. There is still hope, however, that the battery and cavalry at Milwaukee will be called.

MADISON HERE ON FRIDAY

Will Contest At Base Ball With the High School Club.

Friday afternoon, at 3:30, at Athletic Park, the high school base ball team will cross bats with the Madison team. The home team have been training for the last week under the direction of Morris Orall, and rapid progress has been made. The Madison team has been training with the university team, and so will be able to give a good exhibition of team work. Check and Jackson, their pitchers, are well known in amateur base ball circles. Tickets are on sale at McNamara's hardware store. The team positions are as follows:

Pierce	C.	Bonesteel
Check	P.	Palmer
Hayes	S.	Dougherty

VERY PROFICIENT IN MUSIC.

Pleasant Recital of the Pupils of Mrs. Clarence Clark.

The sixth recital of the musical pupils of Mrs. Clarence L. Clark was given at her home, 152 Locust street, last evening. The program consisted of selections from the works of the best known of contemporary composers, and was executed by Dell and Daisy MacLean, Rose Koerner, Julia Lorgov, Laura Dudley, Mabel Charlton, Roberta Keller, Hazel Woodstock, Klauer Doty, Genevieve Brown, Coravieve Shoemaker, Irmagard and Roberta Keller, Maud Nicholson, Gertrude Brown, Hannah Stearns, Allen Lovjoy, George Sherman, Mary Merritt, and Laura Pump. The entertainment was highly enjoyable and showed gratifying progress on the part of the pupils.

A PLEASANT WEDDING.

Last evening at the residence of Mrs. Fannie Hellios, 58 North B'uff street, Miss Jeanie Hollins and Herbert L. VanValen were united in marriage, Rev. J. B. Noyes, of Shople, performing the ceremony. Later in the evening the newly married pair went to Madison, where they will pass a few days, returning to begin housekeeping at 1100 South Park avenue, Chicago.

To stiff-necked, stubborn women:--"Only two kinds of people never change their minds--fools and dead men." And you can't be either one. Change your mind, then, about the best way of washing; look into the matter carefully; lay aside prejudice; hold yourself open to conviction. The best way of washing is with Pearlina. Ease, economy, safety, health, quickness--these are the arguments for Pearlina washing. Every woman who wants these things can satisfy herself that this is so.

Millions NOW USE Pearlina

Sanborn has just received an invoice of fancy oranges he is going to sell at 5, 8 and 10 cents per dozen. They are very nice for sauce or eating purposes, and people who are looking hard after bargains should not wait long before taking advantage of this one. Stock and price won't last forever.

MAY BOMBARD OUR PORTS.

Spanish Statesmen Express No Doubt as to the Success of the Expedition—The Church Will Support the Queen Regent Against Don Carlos.

Bayonne, France, April 28.—According to a letter just received here from Madrid, dated at the Spanish capital on Tuesday, a Spanish squadron, consisting of four iron clads and three torpedo-boat destroyers, sailed for the United States Monday. It was rumored that the squadron was to steam direct across the Atlantic and bombard northern ports of the United States.

The port from which this squadron sailed was not mentioned. It was added, however, that a second squadron, consisting of four iron clads and two cruisers, was being formed at Cadix. Its destination was unknown.

London, April 28.—It is reported here from Madrid that the destination of the Spanish fleet, which is said to have been at sea for some days, is unknown to any one but the minister of marine, Admiral Bermejo. But it is added that news is expected before long at the Spanish capital of the bombardment of American coast towns.

The reports from Madrid also say that the Spanish naval authorities are satisfied that Spain can easily force the blockade of Cuba when she desires to do so. But in the meantime it is explained, as the governors of Cuba and Puerto Rico have advised the Spanish government that they do not need the fleet, the government has decided to "utilize the warships elsewhere."

CHURCH AIDS THE THRONE.

Catholic Prelates Declare Sympathy for the Queen Regent.

Madrid, April 28.—As a counterpoise to the growing sympathy toward the Carlists among the people since Don Carlos raised a vigorous war note against the United States, the Spanish cardinals and prelates are now assembling here to visit the queen regent collectively, declaring their adhesion to and support of the reigning dynasty. They will endeavor to convince the people that the queen regent has never advocated "peace at any price," but thoroughly participates in the enthusiasm of the people to defend the honor and rights of Spain.

This attitude of the prelates will cause a sensation throughout the country, greatly irritating the Carlists.

Madrid is absolutely unmoved. The capture of the American bark Saranac by a Spanish gunboat near Manila caused a momentary excitement, but the town is expectant of the action likely to occur off the Philippines and awaits the outcome with perfect confidence.

This confidence in the navy is an article of faith with the Spaniards. The papers politely chaff the Americans on their want of dash in capturing only fishing boats and ocean tramps.

One journal says: "El Morro's signal guns were mistaken on board the American squadron for offensive firing. The gunners of El Morro know that the squadron has kept well out of range and they wish it wouldn't."

There is a strong expectation of European complications and an increasing doubt in the "assumed neutrality of Great Britain. It is believed that she would join America to-morrow were she not deterred by a fear of uniting the powers in a crusade against the Anglo-Saxon."

WILD STORIES FROM PARIS.

Newspaper Writers Give the Reins to Their Imagination.

Paris, April 29.—The newspapers here are publishing a series of wild stories. According to one of them Germany has protested against the blockade of the Philippine islands and contemplates sending warships from Kiau Chou to uphold her protest.

Remodeling

The front door or the back door—any door in fact, about the house, cutting an archway, putting in a new hardwood floor; a new window, here or there; rearranging the stair case; sticking in a piece of grill work where the room looks bare, etc. All these things we make a specialty of.

IF SOMEONE ASKS YOU

This Question:

What store sells Shoes at the lowest price?

You can answer with all confidence,

BROWN :: BROTHERS.

It's a stereotyped expression with 'most every business concern, "Our Prices are Cheapest", etc; usually quoted because they don't know what else to say. But we say it and hammer on it with all our might because it is the truth. There are several reasons why we are selling Shoes cheaper than other stores, and particularly so this season. We are after more business, and, as sure as fate, we are bound to get it. We are satisfied with small margins, but in order to make any showing at the end of the year we must have large sales.

We are selling woman's black and tan lace Shoe, with any style of late toe, that has the style and grace of a \$4.00 article, at **\$2.00**

We are selling a woman's black, tan or chocolate, button or lace, coin or the late bull dog toe; has everything you would expect in a \$3.50 Shoe; at **2.50**

We are selling a pretty silk vesting top tan Shoe for women, that will take the place of any \$3.50 Shoe in looks and quality, at **\$2.25**

We are selling a line of ladies' spring heel Shoes sizes up to 4½, vici kid, for \$2.00; and silk vesting top, wonders, at **2.25**

Ladies' Bicycle Shoes.

A popular cloth top black or tan Shoe at \$2.25. New thing in 10-inch tan Shoe, all widths and sizes, at \$3.00. Fancy figured silk top 10-inch bike boot, dressy and stylish, \$3.50. Greatest line of men's Bike Shoes in Southern Wisconsin. † We still give away, free, a bow and arrow, with boys' Shoes.

EAST END
OF BRIDGE

A Big Week's Business.

Is the one just passed, and all on account of a special lot of very low prices on various lines through the store. If you have not received a copy of our special bill; call for one. It tells how we are selling Prints at 2c; Percales at 6¼c; Hosiery at 5c; Underwear at 5c; White Quilts at 49c; Silkolines at 7½c; Lace Curtains at 49c per pair; and many other every day necessities in every line.

Ladies' Correct Neckwear...

According to the latest mode; just such styles as you would see on display in the leading stores in large cities, and at prices just as low—probably lower. This store is well recognized as headquarters for everything desirable in ladies' furnishings. We show the new things when they first appear. The new full front Puffs, 69c, 89c. The new "Buckle Bow" made of fancy ribbons, 25c.

A Silk Waist...

Contains more real style and prettiness for the price than any other article of woman's apparel. Our silk waists are particularly noteworthy in this respect. They are made from the very latest silks, are elegantly finished, perfect fitting, and as attractive as a silk waist can be; \$3.75 and up.

A Stylish Veil...

Adds to the attractiveness of any woman. It's the finishing touch which completes the chic appearance sought after by all correct dressers. All the new things in Veils are shown here first, and always at a lower price than you would have to pay elsewhere—20c, 25c, 30c, 35c per yard.

Millinery...

There will be war and rumors of war, but the spring bonnet will blossom on time, it breaks the old man. Lively business in this department every day. We show Janesville's leading line of novelties and make a feature of hats that are stylish without the high prices. Have much to interest you and will be glad to have you call.
